

# PRE-CONGRESS SIG MEETINGS & WORKSHOPS

## Thursday 4 & Friday 5 October The Playford Hotel Adelaide

### iHeartScan – Haemodynamic Echocardiography Assessment in Real Time

Date / Time	Thursday 4 & Friday 5 October
Location	The Playford Hotel, 120 North Terrace, Adelaide
Cost	\$1,400
Facilitators	Prof. John Faris and team

This two day workshop will provide hands on training in transthoracic echocardiography.

#### Core Learning Areas:

- Transthoracic imaging (PLAX, PSAX, Apical, Subcostal views)
- Haemodynamic state assessment including the measurement of cardiac output
- Basic assessment of valves using 2D and colour flow Doppler imaging
- iHeartScan examination
- iHeartScan reporting and examples.

To register for this workshop please go to:  
[www.heartweb.com.au](http://www.heartweb.com.au)

## Friday 5 October Adelaide Convention Centre

### Cardiac Thoracic Vascular and Perfusion SIG

Date / Time	Friday 5 October 0845-130
Location	City Rooms 1 & 2
Cost	\$550 Full \$440 Trainee/Allied Health \$220 Retired \$130 Dinner @ Jolleys Boathouse
Facilitators	Dr Tom Painter, A/Prof. David Canty

### Communication in Anaesthesia SIG

Date / Time	Friday 5 October 0830-1700
Location	Skyway Rooms
Cost	\$675 Full registration \$495 Trainees/Allied Health \$220 Retired \$135 Dinner @ Georges on Waymouth
Facilitator	Dr Suyin Tan

#### “Talking the Talk – Walking the Walk”

Join us in Adelaide on Friday October 5 for an innovative, practical and challenging day focussed on refining and developing your communication skills in a variety of situations.

Our keynote speaker is Professor Judy McKimm, Professor of Medical Education at Swansea University UK, who is an expert on leadership, education and communication frameworks. In addition we also have Professor Kirsty Forrest, Dean of Medicine at Bond University speaking on communication.

There is an extensive range of workshops to choose from, covering topics as diverse as giving feedback; forming a “flash” team; dealing with personality disorders and the use of hypnotic techniques. The presenters are predominantly anaesthetists with clinical interests in a variety of areas, together with a psychiatrist and pain physicians. The meeting is a great opportunity to learn from colleagues, who actively employ advanced communication techniques in their clinical practice.

There will also be time at the end of the day to enjoy a dinner with fellow participants at one of Adelaide’s many enticing restaurants.

I look forward to welcoming you to the Communication in Anaesthesia SIG workshop day.

This satellite meeting of the Cardiac Thoracic Vascular and Perfusion SIG is a two-day echocardiography conference designed to celebrate echocardiography and to assist in meeting the ANZCA guidelines for CPD of focused and diagnostic TTE and TOE (PS46). On Friday recognised experts will present an interesting, stimulating and interactive day of a variety of echo topics that will be of interest to cardiac and non-cardiac anaesthetists and intensivists. We are delighted to present two international invited speakers; Professor Justiaan Swanevelder (Cape Town, SA) and Professor Joyce Wahr (Michigan, USA).

Please join us to catch up over dinner at Jolleys Boathouse Restaurant on Friday night.

The Saturday morning is left free for the opening session at the ASA, after which follows a variety of hands-on workshops where you can test and develop your skills in TTE and TOE with high-fidelity simulators 3D echo. You can and challenge others with your echo cases (in small group discussions) or head off early to sample the famous Adelaide wines.

# PRE-CONGRESS SIG MEETINGS & WORKSHOPS CONT.

### Regional Anaesthesia Cadaver Workshop

Date / Time	Friday 5 October
Location	Ray Last Anatomy Laboratories, Helen Mayo North Building Frome Road, Adelaide
Cost	\$1,650
Facilitators	Dr Alastair Browne, Dr Jim London and team

The RAW 2018 faculty are teaming up with the ASA NSC to deliver a truly unique Regional Anaesthesia Workshop experience. This cadaveric, hands-on, ultrasound-guided Regional Anaesthesia workshop is aimed at Specialist and GP Anaesthetists and Trainee Anaesthetists looking to progress their Regional Anaesthesia skill set to the

next level. The RAW 2018 Faculty are also pleased to announce that the workshop will be joined by two world renowned regional anaesthesia experts; A/Prof. Michael Barrington from St Vincent’s Hospital, Melbourne, who is a leading expert in research and anatomical understanding in Regional Anaesthesia and Dr Enrique Goytizolo from the Hospital for Special Surgery, New York City, that performed over 45,000 anaesthetic procedures in 2017. Registrants are sure to have a unique and invaluable experience. Places are limited to ensure maximum access for hands-on time.

# WORKSHOPS

Workshops vary in their cost, duration, maximum participants and location. Details appear at the start of each workshop description.

The correct ticket is required for entry to all workshops. Where workshops are repeated, your ticket will only allow you entry to the specified session and is not transferable to other sessions of the same workshop.

Only one workshop will be allocated per delegate up to the early bird closing date.

Workshops are allocated on a 'first-come, first-served' basis and the availability of workshops is subject to demand. After the early bird closing date, all delegates will be notified of the available workshops by email. Delegates can edit their registration booking online and select a further workshop. Please note, the selection of a second workshop after the early bird date will only be available online.

## ADELAIDE HEALTH SIMULATION WORKSHOPS

Adelaide Health Simulation, Level 2,  
University of Adelaide Faculty of Health and Medical Sciences Building, North Terrace

A short walk from the Adelaide Convention Centre, Adelaide Health Simulation is a purpose-built, state-of-the-art clinical simulation facility located in the brand new University of Adelaide Health and Medical Sciences Building. The combination of educational spaces and immersive simulated clinical environments provides an excellent learning environment for the ALS (adult, paediatric and obstetric) and CICO Emergency Response Workshops.

Workshops designated ANZCA ER comply with the requirements for activities in the Emergency Response category of the ANZCA Standard for CPD

### SATURDAY 6 OCTOBER

W1 | W2 | W3 – Adult ALS (ANZCA ER)

Date / Time	Saturday 06/10/18 W1 1030-1200 W2 1315-1445 W3 1545-1715
Location	Adelaide Uni. Simulation Lab Level 2
Cost	\$175
Lead Facilitator:	Dr Cameron Main
No. of workshops	3
Max. per workshop	12

In this workshop participants will move through a series of practical ALS scenarios and focussed discussions with emphasis on addressing reversible causes of cardiac arrest in peri-operative situations.

W4 – Can't Intubate Can't Oxygenate High-Fidelity Simulation (ANZCA ER: CICO)

Date / Time	Saturday 06/10/18 1030-1200
Location	Adelaide Uni. Simulation Lab Level 2
Cost	\$250
Lead Facilitator:	Dr Yasmin Endlich
No. of workshops	1
Max. per workshop	9

Learn a variety of techniques to provide percutaneous emergency oxygenation through the neck in an airway crisis. This high-fidelity scenario-based workshop will provide you with the technical and non-technical skills to manage these time-critical situations safely. This workshop is only offered to a small number of participants. Book early to avoid disappointment.

W5 | W6 – Can't Intubate Can't Oxygenate (ANZCA ER: CICO)

Date / Time	Saturday 06/10/18 W5 1315-1445 W6 1545-1715
Location	Adelaide Uni. Simulation Lab Round Room Level 1
Cost	\$175
Lead Facilitator:	Dr Yasmin Endlich
No. of workshops	2
Max. per workshop	24

Learn a variety of techniques and procedures to provide percutaneous emergency oxygenation through the neck. This workshop will provide you with the technical skills, including ultrasound assessment of the airway, to manage these time-critical situations safely.

### SUNDAY 7 OCTOBER

W7 | W8 | W9 – Advanced Life Support in the Paediatric Population (ANZCA ER: Cardiac Arrest)

Date / Time	Sunday 7/10/18 W7 1115-1245 W8 1400-1530 W9 1600 – 1730
Location	Adelaide Uni. Simulation Lab, Level 2
Cost	\$175
Lead Facilitator:	Dr Andrew Wallace
No. of workshops	3
Max per workshop	6

This high-fidelity workshop will involve small groups participating in a series of simulated paediatric ALS scenarios. Neonatal resuscitation will also be addressed.

W10 | W11 | W12 – Advanced Life Support – Obstetrics (ANZCA ER: Cardiac Arrest)

Date / Time	Sunday 7/10/18 W10 1115-1245 W11 1400-1530 W12 1600 – 1730
Location	Adelaide Uni. Simulation Lab, Level 2
Cost	\$175
Lead Facilitator:	Dr Cristi Read
No. of workshops	3
Max. per workshop	9

For obstetric anaesthetists and others wanting a refresher in managing obstetric emergencies and critical care, this workshop is for you! Participants will work in small groups in a high-fidelity simulation session. The workshop will focus on the management of the critically ill obstetric patient and the provision of advanced life support.

## NEW ROYAL ADELAIDE HOSPITAL (RAH) EDUCATIONALS

### SATURDAY 6 OCTOBER

SESSION 1 – Hyperbaric Medicine at the new RAH

Date / Time	Saturday 06/10/18 1315-1515
Location	Meet at the NSC Registration Desk
Cost	\$25, donated to Lifebox
Facilitator	Dr David Wilkinson Dr ChienWei Seong
No. of workshops	1
Max. per workshop	12

Hyperbaric oxygen treatment (HBO) still falls off the radar of many clinicians, despite RCTs and Medicare approval. Whether it's Decompression Illness or a range of medical problems, the patient must enter a purpose-built, steel chamber, be compressed typically to 2-3 atmospheres and breathe oxygen. The Hyperbaric Unit at the new Royal Adelaide Hospital is the most recently installed state-of-the-art chamber system in Australasia. The unit also provides the 24 hour DAN Diving Emergency Service Hotline for the South East Asia and Pacific regions. This workshop will tour the new facility and discuss the rationale and practice of HBO.

## MEGA ADVENTURE AUSTRALIA WORKSHOP

### MONDAY 8 OCTOBER

Team Building Workshop

Date / Time	Monday 8 October 1230-1700
Location	4 Hamra Ave, West Beach
Cost	\$150

This purpose-built facility is the only one in Australia and consists of a 4-storey high-wire obstacle course. As with the next trauma call you attend, teams will have to work together and develop strategies to successfully complete

### SUNDAY 7 OCTOBER

SESSION 2 & 3 – Tour of the new RAH

Date / Time	Sunday 07/10/18 Tour 1 1100-1300 Tour 2 1345-1545
Location	Meet at the NSC Registration Desk
Cost	\$25, donated to Lifebox
Facilitators	Current Fellows at the new RAH
No. of workshops	2
Max. per workshop	15

The new RAH opened in September 2017 and with its 800 beds is the state's largest hospital. Its architecture includes lots of light and internal green space including many courtyards, terraces and sky gardens. 40 technical suites with the most advanced technology provide our anaesthetists with many challenges. Come and see for yourself what the hype about the new RAH is all about.

*Please note all monies raised from these sessions will be donated to Lifebox.*

the challenge. Using the strengths and attributes of team members, collect and utilise the clues around the course, while negotiating through this exciting high-wire structure. Motivate your team and expose yourself to physical and mental challenges to explore your potential and finally achieve your goal. This exercise is for teams of 4-10, so bring your own team or join one for the afternoon – just like the multidisciplinary work environment! It is positioned right at the beach with fabulous views over the coast and city.
